1972 – Home improvement exemption created. Constitutional limit of 1% of market value enacted for all regular levies.

1973 – Assessment level increased from 50% to 100% of true and fair value, for 1975 taxes.

1974 – Ten year phase-out of property tax on inventories authorized

1975 – 100% assessment ratio implemented. Statutory rate limit reduced to \$9.15 per \$1,000 assessed value. Deferral of property taxes and special assessments allowed for senior citizens with income of less than \$8,000.

1998 – The value averaging portion of Referendum 47 is ruled unconstitutional by the Washington State Supreme Court. Senior exemption eligibility and benefits were liberalized.

2000 – I-722 passed in November mandating a roll back of assessed values to January 1, 1999 levels and limiting future increases of taxable value to 2% per year. It also limited taxing district non-voted property tax increases to 2%, and rolled back certain property tax increases levied for 2000. The initiative was not implemented because the Washington State Supreme Court unanimously ruled it unconstitutional on September 20, 2001.

2001 – I-747 passed in November which restricts taxing districts to a 1% monetary aggregate increase over their prior highest lawful levy. Effective for the 2002 tax year.

Commonly Asked Questions

Q: What does the County Assessor Do?

A: The Assessor sets the assessed value of all real and personal property within Snohomish County for tax purposes and sets the levy rates based on taxing district budget requests, statutory limits and property values. The Assessor's office also keeps track of ownership changes, maintains parcel boundaries, keeps descriptions of buildings and property characteristics up to date, administers tax exemptions and special use programs and analyzes trends in sales prices, constructions costs and rents in order to estimate the value of property.

Q: What is personal property?

A: Generally, personal property is mobile property used in conducting a business. The chief characteristic distinguishing personal property from real property is mobility. Business inventories are exempt from the property tax, as are household goods and personal effects.

Taxable personal property includes (but is not limited to): office machinery and equipment as well as supplies and materials which are not held for sale or do not become an ingredient or component of an article being produced for sale. Also assessable as personal property are: furniture, fixtures and equipment in commercial use; leased equipment, certain leasehold improvements, manufacturing machinery and equipment; agricultural machinery and equipment, contractor's, sawmill and logging machinery and equipment.

Q: How often does the Snohomish County Assessor value personal Property?

A: Annually. Personal property affidavits, which list taxable property by category, cost and the acquisition dates, are filed with the Assessor's office each year by the taxpayer and are due by April 30. The affidavits are used by the Assessor to value property for taxes due in the following year.

To find out more about personal property and to download forms, visit our website at www.co.snohomish.wa.us/assessor click on Forms &

Documents.

Q: What is real property?

A: Real property includes all land and any improvements, such as buildings attached to the land. Manufactured homes and mobile homes are also assessed as real property.

Q: How often does the Snohomish County Assessor re-inspect and appraise real property for tax purposes?

A: State law requires that the Assessor maintain a systematic revaluation program. All real property in Snohomish County is physically inspected at least once every six years. Approximately one sixth of the property in the county is re-inspected each year. The Assessor also adds value annually for new construction, remodeling, additions, subdivisions, etc. Beginning with the 2004 assessment for 2005 tax year, we will change to an annual reassessment program. All Real property will then be statistically updated every year and physically inspected at least once every six years.

Q: What laws affect how the Assessor appraises my property?

A: Washington State law requires Assessors to appraise property at 100 percent of its "true and fair market value" in money according to the "highest and best use" of the property. That means the Assessor must first know what similar properties are selling for, what it would cost to replace it, and what the current interest rates are for borrowing the money to buy or build properties like yours. There are three basic approaches to the valuation of real property:

- **Market or sales approach:** comparison of a property with the characteristics of similar properties that have recently been sold.
- **Cost approach:** estimate of the replacement cost of a structure and adjusting that estimate to account for depreciation.
- **Income approach:** analysis of a property's value based on its capacity to generate revenue for the owner.

Q: What is market value?

A: It is the amount of money a willing and unobligated buyer is willing to pay a willing and unobligated seller. In other words, it is the price most people would pay for your property in its present condition.

Q: Why do we have property tax?

A: Taxing authorities such as school districts, park districts and city councils adopt their budgets and levy taxes to deliver the services that taxpayers want and authorize. Taxing authorities require money to provide those services. Property taxes are also used to pay for special voter-approved measures such as school maintenance and operation levies and bonds, and emergency medical levies.

Q: If assessed value increases, do taxes have to increase?

A: No. Raising property values does not increase taxes. Taxing districts' budgets are limited by how much their budgets can increase under the 1% Levy Limit. For example, let's say a portion of your tax bill is for a city:

- The city taxing authority decides how much money the property tax has to collect that year, say \$1 million.
- Assessors estimate the total assessed value (A/V) of all taxable property within the city, say \$500 million.
- A tax rate (levy rate) is calculated by dividing the amount of tax to be raised by the total A/V of the city: \$1 million/\$500 million = \$2 per thousand dollars of A/V.
- If your home's assessed value is \$100,000, your share of the taxes will be: $.002 \times \$100,000 = \200 .
- If the assessed value of property within the city doubles to \$1 billion, and the amount to be raised stays the same, the tax rate will be: $\$1 \text{ million} / \$1 \text{ billion} = \$1 \text{ per thousand dollars of A/V}$.
- Your taxes, if your home doubles in value, will still be \$200: $.001 \times \$200,000 = \200 .

Q: What is the statutory rate limit?

A: The regular levy of each taxing district cannot exceed a certain rate, which is determined by the type of district. For example, the levy for the county current expense fund cannot exceed \$1.80.

Q: What is the \$5.90 limit?

A: The aggregate regular levy rate of all senior and junior taxing districts (not including the state, port districts and public utility districts, emergency medical levies, and conservation futures) cannot exceed \$5.90.

Q: What is the 1% constitutional limit?

A: Washington's State Constitution limits the regular (non-voted) combined property tax rate to 1 percent (\$10 per \$1,000) of assessed valuation. Voters may vote for special levies (such as school levies) that are added to this figure.

Q: What is Initiative 747?

A: Initiative 747, which was approved by voters on November 6, 2001, changed the amount a taxing district may levy. The regular property tax levy of a taxing district now is limited to 101 percent of the highest levy since 1985, plus amounts attributable to new construction within the boundaries of the district or annexations to the district. Prior to I-747, the limit was 106 percent. Please note that the initiative does not affect assessed values; it limits the amount a district may levy.

Q: How do the taxing districts set the tax amount?

A: Every year the directors, councils or commissioners of all taxing districts meet in open session to determine the amount of taxes to be collected the following year. Public questions or comments are welcomed during this process. Once the budget has been adopted, the amount of taxes to be collected is certified to the County Assessor. The Assessor computes the levy rate required to raise the certified tax for each district and ensures that none of the constitutional or statutory limitations is violated. The County Treasurer mails tax

bills on or about February 14 of the year in which they are collected and the receipts are distributed back to the various districts.

Q: What is a Tax Code Area (TCA)?

A: It is a geographical area in which local entities such as a city, county, school or fire district may assess taxes to sustain its operations. These combined taxing districts make up a Tax Code Area or TCA. In a county as large and diverse as Snohomish, there are hundreds of Tax Code Areas. TCA summaries can be reviewed as part of the Assessor's annual report for taxes, which also can be accessed online at www.co.snohomish.wa.us/assessor/2004report.asp.

Q: What tax relief programs are available?

A: There are several exemption programs and special classifications available that provide tax relief. Please contact our Exemption Dept. at 425-388-3540 or visit our web site at www.co.snohomish.wa.us/assessor for more information.

- "Open Space Classification" for Agricultural land, Timberland, and Nature preserves.
- "Designated Forest land Classification" for timberland parcels 20 acres or more.
- "Historical Restoration Exemption" for historical significant property undergoing restoration.
- "Improvement Exemption" a temporary exemption of valuation of additions to single-family dwellings.
- "Destroyed Property Claim" adjustment to the valuation of destroyed property.
- Property tax exemptions for Senior citizens and disabled persons.
- Full tax deferrals for Senior citizens and disabled persons.
- Exemptions for qualifying property owned by non-profit organizations.

For further information about any of these exemptions, contact the Exemption Department at (425) 388-3540.

Q: Is it possible to make a "ballpark estimate" of how much the taxes will be on a piece of property that I am thinking about buying (or a structure that I might build)?

A: Yes. The average 2004 tax rate in Snohomish County is about \$12.50 per \$1000 of assessed valuation. Rates vary from area to area and from year to year, but multiplying the number of thousands of dollars of price or cost by \$12.50 will provide a rough estimate of taxes. Tax rates ranged from a low of \$9.5523 to a high of \$14.8754 depending on where you live in the county.

Q: Whom should I contact for more information?

A: Visit the 3rd Floor of the County Administration Building, 3000 Rockefeller, Everett. Hours are 9a.m. to 5p.m., Mon. - Fri. except holidays.

Lake Stevens	12.5090	Woodway	9.5523
Unincorporated	12.9679	(2)	

The above levy rates are expressed as dollars per \$1,000 of assessed value.

To calculate a “ballpark estimate” of how much taxes would be on an assessed value, multiply the number of thousands of assessed value times the levy rate:

If your home’s assessed value is \$100,000 divided by 1,000 = 100 X 12.9679 = \$1,296.79

(1) Rates may vary within cities. The city rate shown is the predominant rate.

(2) The unincorporated rate shown is an average.

(1) Rates vary within most cities. The rate shown is the predominant rate. The rates for Unincorporated and County are average rates.

Notes: The high "Average Percent Tax Change" for the cities of Bothell, Brier, Edmonds, Lynnwood, Mountlake Terrace and Woodway (that all had a decrease in levy rate due to revalue) are due mostly to the effect of the four year revaluation cycle and the resulting large increase in the average residence value, which was greater than the average increase for all other property in the county. A large increase in the levy rate from one year to the next usually is due to a voter approved issue.

CONSOLIDATED TAX CODE AREAS & RATES FOR TAX YEAR 2004

"TCA's" (Tax Code Areas) designate a unique set of taxing districts. They appear on tax statements. The first two columns list the Tax Code Area and regular, excess and total levy rates within that TCA. The columns to the right list levy types, taxing districts and levy rates. All rates are expressed in dollars per thousand dollars of assessed value.
